Society

what is a society?

SOCIETY : is an association that includes every kind and degree of relationship entered into by men, whether organized or unorganized, conscious or unconscious, antagonistic or cooperative and direct or indirect.[top?](#)

SOCIETY includes the whole issue of human relations and is without a boundary or assignable limits. SOCIETY also encompasses all of humanity, that is, the varied and all forms of relationship into which men necessarily enter in the course of group life.

SOCIETY can include any of the multiplicity of units, groups or organization found among men. Examples are professional organizations, clusters of friends, society of friends, society for the Advancement of human rights, fraternities, families, kinship groups, criminal groups, and clubs.[top?](#)

Relationship Between The State And The Society
